No dude, he means War as in BULLETS Either you have a less dangerous civil war where 3-4 million die, or several billion from forced vaccinations and commie death campus, pick one

Not millions. If patriots rise up, they just need to occupy big tech and media office and execute the Marxist traitors and those who directed the fraud.

What is needed is just the will to act

Here's a test for anyone reading this.

Was Enrique Tarrio justified in removing BLM propaganda from outside the church?

If you answer "no" to this question, wait inside the tent for Phinehas and his javelin.

Unfortunately if the steal goes through, we won't have air superiority.

Fortunately, we'll have the element of being in the streets of their own homes and families.

Yup. Once DC is totally wiped off the map, it will send a clear message to the enemy to NOT FUCK WITH US.

War was already declared against us on November 3rd by the CCP and their servants. We are simply giving Trump a chance to publicly arrest and/or execute the traitors first, just in case there is a remote possibility of minimizing civilian casualties and maintaining a rule of law in this country. They are already shooting at us in Atlanta, arresting us on bogus/unconstitutional charges in DC, and making it clear they will throw us in prison camps and forcibly vaccinate us in NY while they dance in the streets.

It is about giving it a final, few days to try to see if we can minimize civilian casualties by allowing the paid professionals to do their job and allow our better trained/equipped military to try to get things under control.

The left declared war on America on Sept 12th 2001, the day after Islam did and the right hasn't done a damn thing to fight back. So I highly doubt that they will start now. All the fighters belong to the left, the right is the side of the meek.

What are you going to do? Vote them out?

If Dems get control, then there is no peaceful way to remove tyrants from power.

They will have stolen our republic.
